„Cinema- My Dream"

UNDER THE ERASMUS + PROGRAMME 2020-2022

C4 Mobility Activities Report 16th - 20th May 2022, Brežice, Slovenija

The fourth mobility for teaching, learning and training activities took place in Brežice, Slovenia, between 16th and 20th May 2022.

16th May

The first day of mobility began with a speech by the host school principal, who oficially opened the project activities. School coordinator of the project also said some welcomming words. Students prepaired welcomming programme, where they introduced their own school, education system, city and country, with slovenian tradicional music and dance to the other participants.

Students and teachers from BG, PT, RO and TR visited the hosting school, attended some lessons and had ice-breaking/team-building activities in the school's sports hall. The main aim of all this was to know each other better.

In the afternoon students attended a workshop about the technical elements of a movie - focus, light, photography, composition, sound and they also learned how to use film-editing applications to improve their films. Students worked together in multicultural teams.

The aim of this activity was obviously to encourage students to actively address digital issues, develop creativity and critical thinking, improve English, develop communication skills using the languages of the partner countries in the project .

17th May

It was the day of cultural aspects and landmarks of Slovenia. Students and teachers visited the carst cave Županova jama, because carst and country of limestome is so tipical for

Slovenia. After that, they visited the capital city, Ljubljana. It has 300.000 of inhabitants and it is a cultural, educational, administrational,, economical etc... centre of Slovenia. They climbed to the Ljubljana castle, had a boat ride over Ljubljanica river, had a walk throuhgt midlle age part of the city. The aim was to strengthen the cultural dimension of this project.

18th May

The third day of mobility continued in the host school, by presenting short moovies with a certain social issue (each country presented a short movie with a certain social issue, like diversity of ethnical groups, differences between rich and poor students, »wanted« city schools and »less wanted« rural schools, bulling, etc. We had a discussion after that. Actually, they presented their homework.

They continued with filming the second short film with another social issue, acording to phases of filming. They had to speake about improvement and they compared the last and new version. All students together discussed abot changes, they evaluated improvement.

The aim of this activity was again to encourage students to actively address digital issues, develop creativity and critical thinking, improve English, develop communication skills using the languages of the partner countries in the project.

Then students and teachers did a tour of the city Brežice, guided by their Slovenian peers. After that they had a workshop of learning tradicional dance polka in school's sports hall. At the evening, they listened to annual concert of school's choir in the Knight's hall of Brežice castle.

They really worked to strengthen the cultural dimension of this project.

19th May

On the 4th day of mobility students and teachers visited the Knight's Hall and the Castle Brežice. Than they visited the Youth centre Brežice, where some interesting activities happened, like warm up and team-building tasks. The centre was presented, the projects and activities, which are offered for young people.

Evening activities:

- Watching short films of our mobility activities in Brežice (day 1 BULG, day 2 PORT, day 3 ROM, day 4 TUR; SLO day 5).
- Cultural evening - each team presented an artistic moment (performance, dance, customs) from the culture, folklore of their native country.
- Diplomas / Certificates of participation were awarded to participants, students and teachers by the host school. Also Europass mobility forms.

20th May

The Friday's activity was for the coordinating teachers, aspects were discussed for the next/last meeting in Bulgaria. This was followed by an evaluation of Slovenian's activities and a review of the positive aspects and those that need to be improved at future meeting. Slovenia was responsible for editing an evaluation questionnaire in Office 365 application Forms, which was sent on Whatsapp or email to all participants in mobility in Slovenia. The questionnaire and its results can be found on the project website.

Thus, it ended a beautiful experience from which we all had something to learn and by disseminating it in our school, it added value to our project, by adopting digital learning methods can contribute to improving the teaching-learning process.

Headmaster,

UROŠ ŠKOF, prof.
